Pattern Information

Indicate which direction the fabric is to be applied.

Railroad means the design of the pattern runs vertically from selvage to selvage. When viewing fabric from one of the selvage edges, any figures will appear upright. Stripes run perpendicular to the selvage edges. Railroad fabrics allow tailoring of one-piece backs or seat cushions of sofas without seams.

Up the Roll (Non-Railroad) means the design of the pattern runs horizontally from selvage to selvage. When viewing fabric from the selvage edge, any figures will appear sideways. Non-Railroad stripes run parallel with the selvage edges. Non-Railroad fabrics require seaming of fabric on one-piece backs and seat cushions greater than 54".
